The Windmill Lane Recording Studio Tour Experience for Schools

The Windmill Lane Studio Experience is unique, cultural and fun.

The tours have been created to support the educational experiences of students as key-skills, principles and statements of learning contained within post-primary policy and daily school classes, are enhanced by the Studio Tour Experience. In learning about culture, history, music, communication, business, recording and technology, it will support the delivery of a quality,

inclusive and relevant content that will meet the varied and complex needs of 21st century students. Windmill Lane Recording Studios provides a meaningful, immersive insightful and inclusive learning experience for all post-primary students. It is suitable for students with a wide range of interests and aptitudes.

International & Irish music greats who have passed through our doors include:

- Explore the studios
- Discover its unique history and the artists who have recorded here
- See how a recording session works
- Meet the virtual band
- Encounter Cosmo, our resident ghost

Kate Bush | The Cranberries | Hozier | Lady Gaga | Ed Sheeran | The Rolling Stones | Van Morrison | Metallica | Snow Patrol | Norah Jones | The Spice Girls | Glen Hansard | & the band most synonymous with the studio - U2

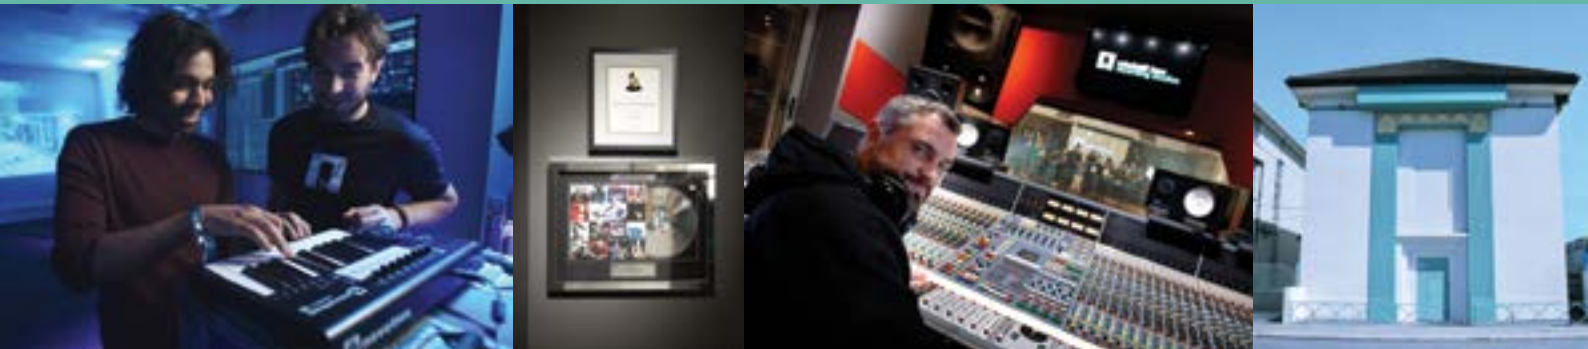

How a tour will benefit you and your students:

Junior Cycle Students (1st, 2nd & 3rd year):

By addressing the key skills that are at the core of the new Junior Cycle, the Tour will help to embed classroom learning in an applied, multi-sensory environment.

A 'Pulse College at Windmill Lane Recording Studios' certificate of completion and/or reflective worksheet will be provided to students at the end of the tour in support of evidence of an 'Other Area of Learning' which may assist students with their Junior Cycle Profile of Achievement. Due to the nature of the tours, students may also benefit with regards to their Classroom Based Assessments.

Senior Cycle Students (Transition, 5th & 6th year):

Windmill Lane is a vibrant, working recording studio. An engaging experience awaits your students and will assist senior cycle students in particular by providing an opportunity to experience, reflect on, and develop an appreciation of the ever-changing demands of the adult world of work within the digital and creative media sectors. Students will be introduced to the diverse areas of employment in multimedia across different industrial and cultural sectors, including the music, film and video game industries, animation, architecture, web development, software support and development, digital marketing, mobile development, tourism and heritage industries, e-commerce, sales and marketing and the expanding electronic media/arts sectors. The Tour will support extra-curricular learning and broaden their horizons in relation to educational progression and the diversity of careers and opportunities within the digital and creative media sectors.

Windmill Lane Recording is affiliated with Pulse College and Griffith College. This affords senior cycle students to gain an understanding of further and higher education.

Students will be issued with a Pulse College at Windmill Lane Recording Studios certificate of completion, following the tour, enhancing a students' portfolio.

Our Experience Team welcomes input from you and are happy to discuss adapting the tour to suit your curriculum or group needs.
